QuickStraightTeeth

DO YOUR TEETH STOP YOU FROM SMILING?

DO YOU WANT STRAIGHT TEETH AND A BEAUTIFUL SMILE?

DO YOU WANT NEARLY INVISIBLE BRACES?

If the answer is 'YES' then ask your dentist about
QuickStraightTeeth™

Braces! This usually conjures up an image of 'metal train-tracks' or the 'Ugly Betty' look! Thankfully, using QuickStraightTeeth™ there is no compromise on aesthetics or results. Our braces look good, feel great and work quickly to give you a beautiful new smile.

QuickStraightTeeth™ use either tooth coloured brackets and wires, or nearly invisible clear aligners. Most people will be unable to tell you are wearing braces at all.

QuickStraightTeeth™ gives you fast results by straightening your front 6 to 8 teeth.

For a fabulous smile, ask your dentist about QuickStraightTeeth™.

SOME OF OUR RECENT RESULTS

This gentleman was unhappy with the instanding upper tooth and the general crowding of his front teeth. He had a QST fixed brace for 6 months and he loves the result!

This lady was very self-conscious about the large spaces between her front teeth. She had a QST fixed brace for only 4 months and she is absolutely delighted with her new smile.

This lady was always aware of her uneven smile, with teeth looking dark, or missing, on photographs. This was corrected in 6 months using our near invisible QST fixed braces.

This gentleman always wanted braces but thought he was too old to have treatment. He had top and bottom QST fixed braces for 6 months and loves his perfect smile.
